

A decorative border of palm trees surrounds the entire page. The palm trees are arranged in a rectangular frame, with a single row of trees along the top and bottom edges, and vertical columns of trees along the left and right edges. Each palm tree is green with a brown trunk.

Good News for SEE Employers

It is now easier for companies to take part in SEE Hawaii Work (Supporting Employment Empowerment). Here are some recent improvements to this subsidized job training program:

- We have increased reimbursement for employee wages
 - We continue to pay minimum wage plus 14% to SEE employers
 - SEE pays an additional 50 cents per hour for each \$1 per hour paid to workers in excess of the minimum wage
- Companies no longer have to apply for contract extensions if they want their SEE employees to work for 12 months. After 6 months, companies notify SEE of their intent to either:
 - Hire the worker in regular unsubsidized employment; or
 - Continue the employee in SEE subsidized employment
- Transportation reimbursement is available
 - We encourage companies to help their SEE employees commute to work
 - Companies can receive transportation payments of up to \$200 per month for each SEE employee they assist
